UPM SPORTS ACADEMY AT A GLANCE

The Sports Academy aims to create a paradigm shift in this country's sports by creating a niche in the latest application of sports technology. The vision of the Sports Academy is to be internationally recognized as a well-equipped resource center in all matters pertaining to sports excellence. This vision is consistent with the university's objective of transforming UPM as an established world class research university.

To realize this vision, UPM Sports Academy is committed to enhance the standard of sports through the use of scientific methodology in high performance sports. This mission shall be the main focus of all activities at the academy. The establishment of two laboratories namely, the Physical Performance and Skills Analysis Laboratory and Sports Development Laboratory at the academy is the key to the achievement of this vision and mission.

The activities of each laboratory are geared towards a number of specializations. The focus of the Physical Performance and Skills Analysis Laboratory is to provide expert services in all aspects of testing, measurement and evaluation of sport performance and conducting sport science research, whereas the objective of the Sports Development Laboratory is to provide professional sport management training and sport psychology.

VISION

As a referral centre for sports excellence.

MISSION

Generate of knowledge and application of relevant technologies for improvement of sports performance.

OBJECTIVES

- To enhance the management proficiency of selected sports.
- To increase the number of trained human resource in sports in terms of quality and quantity.
- To enhance the economic benefits through progress in the sport industry.
- To develop and encourage the growth of sport using scientific methods and professional management.
- To serve as a sport referral centre by establishing a sport archive.

OUR LABORATORIES

Laboratory of Physical Performance and Skills Analysis

Objectives :

- To conduct testing, measurement, and evaluation on the physical performance level of athletes.
